

**Bryan
&
Sarah**

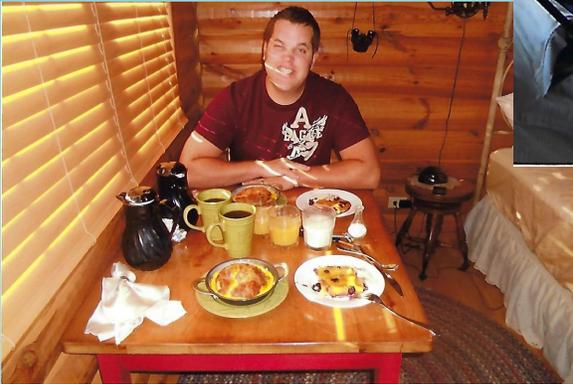

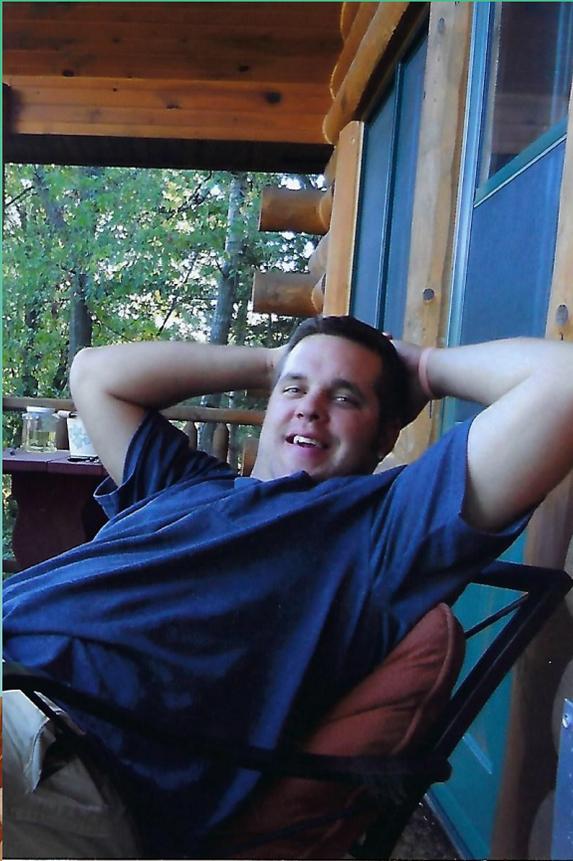

Meet Sarah:

Sarah has always been a loving and creative person who loves kids! She helped her friend take care of her children and has babysat her cousins for years. Sarah's sense of humor is contagious, generating laughter among friends and family. As a licensed hair stylist for 6 years, she loves being with people. Still passionate about swimming, she was on the high school swim team. Everyone in Sarah's life will tell you that she will make an amazing mother!!

Meet Bryan

Bryan is inspired and motivated. He grew up with a love for the outdoors, for which he still has a great passion for. He demonstrates this passion daily through his job, which includes driving a sanitation truck and working outside. He also enjoys spending time at the races and loves fishing! Bryan has an incredible sense of humor and will be a really great dad!

Our Adoption Journey

When we met it was love at first site! We have been together 7 years and married for 5 years, and we are excited about starting a family. Due to infertility, our path has lead us to this amazing adoption journey! We hope our dreams of having a family can soon become a reality!

OPPORTUNITY

We plan on giving our children the same opportunities our parents gave us. We are close and always enjoy time with our families who all live within 10 minutes from us, all 30 of them!!

TRADITIONS

We like having grill outs and spending time with our two dogs. For both families, this will be the second grandchild and second niece or nephew; and everyone is very excited!

Thank you for taking the time to learn about our dream of starting a family. We would love to hear from you and learn about the dreams you have for your child's future. We wish you the very best!!!
