

Joshua & Daniel Ginger-Goodson

About Us

We've been together for twelve years and married for eight. We got married on July 18, 2015 at Josh's parents' family farm in Iowa, and currently live in the City of Marion, Iowa. Over the last decade, we have been there for each other through life's trials, and overcoming these challenges has brought us closer together. Our love for each other and our shared beliefs of compassion, empathy, and equity for those in our community and family is one of the many things which makes us compatible. We share many of the same interests in our hobbies and activities, and have a large (and growing) boardgame collection.

Our Home & Pets

We have three dogs in our home. **Cordi**, a Black Lab mix, is our middle dog. She is the "mama bear" of the pack. She is the mellowest of the three and has had some arthritis problems recently which slowed her down, but some pain medication has let her move like a pup again! She loves playing with us and the other dogs, and "tug-of-war" is her favorite game. **Dobby**, a Basset Hound mix, is our middle pup. He is small dog, and loves curling up on the couch with us in the evenings. He also likes running the fence with our neighbor dogs. **Loki**, a Miniature Australian Shepard, is the youngest and is a mischievous little guy. He loves to play with his humans and wrestle with his pack-mates. None of our dogs have had any issues with children, and love playing with our nieces and nephews.

Growing Our Family

We have both known we would one day desire to raise children and grow our family. When we began discussing how and when to begin our family, we agreed that adoption is the journey we want to pursue. We have so much love to share with a child, and will be honored should we be chosen to become parents. We both have nieces and nephews that we have helped care for to help our siblings. Danny is the oldest of five boys and often helped his parents care for his younger siblings growing up. Josh grew up with a younger sister who he supports with a lot of pride. We have several friends that are raising young children that we have gotten the privilege to get to know and spend time with, and cannot wait to experience this for ourselves.

Dear Expectant Parent,

We both thank you so very much for considering us for your adoption plan. We are excited to one day be parents, and can't wait to share our love with your baby. You can be assured that with us your baby will be raised in a family where they can grow to be the best person they can be, and will have the support of us and our entire extended families.

We hope to build a relationship with you, so that one day your child can ask the questions they may have about their adoption. We do understand that not everyone's situation is the same, and you may not be comfortable with this. We support that decision as well, and hope you know that we will do everything in our power to give your child the best life we can provide.

We can't wait to have a noisy, messy house full of new memories and love. We are so ready to be parents, and hope our this glimpse into our lives assures you that your baby would be safe, loved, and provided with a lifetime of happiness in our home.

Love,

Josh & Danny
