

Jessica + Kenny

building our family

www.angeladoption.com

about us

We are Kenny and Jessica from Iowa. We met in April of 2019 and have been inseparable since. We are truly each other's best friend and biggest cheerleader. Our weaknesses are supported by the strengths of the other. Kenny is hardworking, always good for a laugh, and kind-hearted. Jessica is a good cook, is loving, and shares the ability to bring a good laugh too. Kenny is a business execution consultant in the banking industry. Jessica is a registered nurse. We are also small business owners and work with schools and businesses educating them on ways to help bring more peace, love, kindness, and equality to the world one human at a time. We enjoy being with family and friends, whether it is at a sporting event, getting ice cream at Baskin Robbins, or renting bikes and riding them through downtown visiting farmers markets and art festivals. We look forward to making more memories like these.

our home and pet

We live in a suburban area with great neighbors, where everyone looks out for everyone. We have a four-bedroom, three-bathroom home with a big backyard and patio. It is walkable to the elementary school and very close to the junior high and high school. There are several parks in the area, family-owned restaurants, and coffee shops. The zoo and kids' science museum are close too. We have one dog, and her name is Willa. She is a French bulldog and absolutely loves people. Children are her favorite type of human. She is a couch potato but loves a good walk, sunbathing during the day, and playing fetch any chance she gets.

what led us to adoption

We both have always known we wanted to share our love and grow our family with children. We are unable to have biological children but have always remained positive and believe that what is meant for us will be. We truly believe there is a child that will fit right into our home and complete our family. Our desire to have children is something we have talked about since the day we met. We are so grateful for the life we have and can't wait to share it with our little one.

TRADITION: Sunday dinners

MUSICAL GROUP: Earth, Wind and Fire

MOVIE: Rudy

DREAM VACATION: Anywhere there is a beach and an ocean

SUBJECT IN SCHOOL: History

our family

+ traditions

We both have loving and supportive families. Jessica's family loves to cook and eat. Our holiday plans revolve around everyone's favorite food. We usually spend an entire weekend over the holidays together, and everyone gets to request and/or participate in helping cook the meals. Jessica's parents have season tickets to college football and basketball games, so they spend a lot of time getting together for these events. Jessica's parents also live on a farm with sheep, pigs, and barn cats, and we have many gatherings for birthdays, holidays, and even the fair every year. Jessica grew up participating in 4-H, and now our niece and nephew have continued with the tradition, taking sheep and pigs to the county fair and sheep to the state fair.

Kenny's family loves to gather for family reunions, which involve music, dancing, and singing. There is always guaranteed delicious home cooking, and lots of hugs are to be had. We never leave without feeling the love his family shares for one another. We look forward to traveling to see them as much as possible, and of course, they love coming to Iowa as well.

dear
**expectant
mother**

To a Loving Mother,

We think you are incredibly brave and strong and cannot express to you how thankful, honored, and truly humbled we are to be considered in this process. Thank you for considering giving us this blessing. We hope we can give a blessing right back by giving your child a home full of unconditional love and support.

Our biggest hope and prayer is that your baby will grow to be authentically themselves and always know they are loved. If you choose us, we want you to know your baby will be surrounded by love and support and will be raised with a life full of dance parties in the kitchen, trips to the farm, and sporting events. We will share our love of music, family, food, and community. We will set an example of open-mindedness and celebrating uniqueness. We will give them the tools they need to overcome any difficulties that may arise and be there for them through it all.

We wish you peace in making your decision and would be eternally grateful and excited should you choose us for your baby. We promise that every day your child will receive unconditional love, support, and encouragement from us in a safe and stable home.

With Love,

Kenny and Jessica
